### PERMIT INFORMATION

1. Complete a supplemental application (above).
2. Submit three copies of the plot plan.
3. Complete a route slip for approval of Planning, Public Works and Health Departments.
4. Take the route slip and plot plans to Planning for their zoning and setback approval, Public Works for grading/encroachment and Health Dept. regarding septic location and plumbing if applicable for their approval. (Health Dept. approval may take a few days.)
5. Once the approvals from all the departments are obtained, and the Agricultural Building form (attached) is signed, parcels under 10 acres need to pay \$30.00 for a setback inspection plus \$20.00 records fee. Buildings on ALL parcels that will have electric and/or plumbing require, as a minimum, a \$40.00 permit plus a \$20.00 records fee charge.
